COGCC Rules(check all that apply)☒ 1101. Installation and Reclamation☐ 1102. Operations, Maintenance, and Repair☐ 1103. Abandonment

Comment: Per form 19 Document # 403498067 repairs were made to a section of gathering line which failed causing a spill. During the time of investigation, the area was backfilled and visual inspection of the pipe was not possible

Corrective Action: Operator shall provide detailed information in the next supplemental form 19 regarding methods used to repair leaking section of pipe. Additionally, the operator will assure methods used to repair pipe are compliant with the 1100 series regulations. Operator may need to seek guidance from Pipe Line Integrity Group for guidance

Date: 10/12/2023

**Environmental****Spills/Releases:**Type of Spill: CONDENSATE

Estimated Spill Volume: \_\_\_\_\_

Comment: Spill is under an ongoing investigation. Operator is not yet sure how many Barrels of fluid were spilled.Corrective Action: Operator will continue investigation efforts to identify the final estimate for amount of fluid spilled.Date: 10/12/2023Reportable: YESGPS: Lat 38.150798Long -102.488193Proximity to Surface Water: 103Depth to Ground Water: 6**Water Well Complaint:**
