

December 16, 1960

Mr. Ralph R. Bradley
P.O. Box 1195
Grand Junction, Colorado

Dear Mr. Bradley:

In recent correspondence with Mr. W. J. Mason, we have been informed that you are the operator of the Barcus #1 well located in the SE $\frac{1}{4}$ NE $\frac{1}{4}$, Section 11, Township 2 North, Range 3 West of the Ute P.M., Mesa County, Colorado.

It has also come to our attention that this well is currently producing, and gas is being sold to the Western Slope Gas Company. If the above information is true, the following will be required, per our Rules and Regulations, copy of which is enclosed:

1. Form 1 - Designation of Agent (per Rule 302, page 10.)
2. Form 10 - Certificate of Clearance (Rule 311, page 12. This must show effective date of change of ownership, as well as initial production).
3. Form 3 - Individual Well Bond (Rule 304, page 10).
4. Form 7 - Operator's Monthly Production Report (Rule 308, page 12. For all sales, months in which production occurred; also for each future month of production).

We have enclosed copies of sufficient forms for your use, and if you have any questions, please contact us.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION
