

November 19, 1962

Mr. Paul Bogdanich  
623 Judge Building  
Salt Lake City, Utah

*(New operator)*

Dear Mr. Bogdanich:

We have contacted you several times regarding the production from your Government well located in the SW $\frac{1}{4}$ SW $\frac{1}{4}$ , Section 1, Township 2 North, Range 3 West, Mack Field, Mesa County, Colorado.

You have submitted no production reports on this well since June, and your attention is called to Rule 308 of our Rules and Regulations which requires that a production report be submitted each month. This report is required after a well is put on production, unless other arrangements are made, even though the well be shut in. It should be obvious that we are not aware of the well being shut in unless a report so stating is submitted.

I certainly hope that you will immediately attend to this matter, so that I shall not have to call your violation to the attention of our Acting Director.

Very truly yours,

OIL AND GAS CONSERVATION COMMISSION

William R. Smith, Senior Petroleum Engineer
