<p><b>COGCC Inspection Report Summary</b>                      **Weather Conditions: sunny, dry ground                      On Thursday, September 21, 2023 at approximately 1240, I, Inspector Brittani Santistevan, conducted an on-site inspection at NICHOLS 37N-31HZ (Kerr McGee Oil &amp; Gas Onshore), at location #: 429182 in WELD COUNTY Colorado.                      While there, I observed a producing facility.                      During this inspection the following possible compliance issues were observed:                      1. Unused/disconnected equipment near wellheads. Please remove to comply with Rule 606. (Corrective Action Date: October 5, 2023) See attached photos #2, 7.                      2. It appears the north gas meter has not been annually calibrated. Calibrate gas metering equipment annually to comply with rule 430.d.(1). (Corrective Action Date: October 21, 2023) See attached photo #10.                      A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with COGCC rules.                      This is a summary of inspection report.</p>	santistb	09/21/2023
