**General Comment:**

Routine Inspection.

The name change of the Colorado Oil and Gas Conservation Commission to the Energy & Carbon Management Commission required major server updates and created sync issues for remote field personnel's computers. During this time personnel were not able to complete and uploaded inspections creating a lengthy lag between inspection dates and report submission dates. These circumstances are beyond the Operators control and required dates should be adjusted to match Inspectors FIR submission date. All corrective action dates have been adjusted to accommodate actual FIR submission date. Please contact me directly with any questions or concerns.

Location			
<b>Lease Road:</b>			
Type	Access		
comment:	Two track off maintained county road. Two track has not been maintained.		
Corrective Action	Repair and maintain lease road to comply with rule 603.I.	Date:	10/28/2023
Overall Good: <input type="checkbox"/>			
<b>Signs/Marker:</b>			
Type	TANK LABELS/PLACARDS		
Comment:	No Quantity/Contents/Hazard Placard on tank at Pig Station.

**Inspected Facilities**Facility ID: 286372 Type: WELL API Number: 125-10291 Status: PR Insp. Status: PR**Idle Well**Purpose: ☒ Shut In ☐ Temporarily Abandoned

Reminder: \_\_\_\_\_

Comment:

Pump Jack removed. Rods and tubing have been removed from the wellbore. Casing valve closed. Gas Meter Run Valves: Well inlet valve appears to be closed (Bad Valve), Gas outlet valve open, Water outlet valve closed. Wellhead is leaking at the collar and reducer.

Electronic Well File reflects last Production/Status reported 8/1/2022 and Well Status as PR. Based on current valve settings at the wellhead the well is SI.

Review of monthly operations records indicate operator is delinquent in submitting monthly operations reports.

Corrective Action: Submit required Form 7(s) to COGCC per rule 413.
