Grand Valley Resources, Inc. became operator of  
the subject lease in January, 1988. Previous BLM inspections  
indicated the need for lease clean up. Additionally there  
are four wells existing on the lease. Grand Valley Res. Inc.  
is requesting that it be allowed until June 1, 1989  
to get the lease surface into compliance and until  
Sept 1, 1990 to recolonize & test the wells to determine  
whether to produce or plug them.
