Attention: Mr. Frank J. Piro  
 Deputy Director - Secretary

Gentlemen:

Chevron U.S.A. objects to the completion of the above subject well due to the bottomhole location. Based on the attached "Application for Permit to Drill, Deepen, or Re-enter and Operate" and directional survey, the calculated bottomhole location is approximately 567 feet from the Rangely Weber Sand Unit boundary. The bottomhole location is in violation of Cause Order 2-32, Rule 5 (c) and the attached agreement between Polfam Exploration Company and Chevron U.S.A. Inc.

Very truly yours,

CHEVRON U.S.A. INC.
