ATT: D. V. Rogers (Director)

Dear Mr. Rogers:

In reply to your letter of March 29, 66, about No. 1 LuBauer Petroleum Co. Gov't., located in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ , Section 10, Township 1 North, Range 102 West, Rio Blanco County, Colorado, I am very sorry you misunderstood about the operations on this lease.

I do not have it in the hands of a lawyer. My temporary shut down operations were because Leo A. GeBauer, has yet never to date straightened out the title, so an attorney could ever give a clear title of option to the oil Companies, where I have shipped some oil too.

I have operated these leases on my own money, hoping this matter would soon be settled, but so far it has run into years and years of time. I'm only an operator, under LuBauer Petroleum Company.

I have now for some time, been deeping this well No. 1 on said lease, and still using my own money, but if not settled soon, I will again have to discontinue operations.

" Sincerely "

TEEL DRILLING COMPANY
