OIL & GAS
CONSERVATION COMMISSION

Dear Mr. Smith:

Thanks for your letter of Oct. 9, '64 -

Enclosed are forms which I believe will fill your requirements. I am sorry to have failed to report them properly -

No 7 and No 9 are the wells producing.

I have not been able to complete No 5 as yet. It will remain shut down until approximately, April 1965 unless plans change -

Thanks again for your patience, and if the enclosed does not suffice, I shall be glad to hear from you -

Very truly yours.
