Comment \_\_\_\_\_

ECMC staff met on Location with Operator representatives to discuss the observation that topsoil was not salvaged and the reason for doing so and the requirements of salvaging topsoil.

Corrective Action \_\_\_\_\_

ECMC staff emailed an Operator representative on October 25, 2023 the requirements to be performed if topsoil will be imported, which described agronomic soil analysis of imported topsoil and reference topsoil. The information must be submitted via a Form 4 Sundry Notice to the attention of Chris Binschus.

Date **09/22/2023**

Corrective action date remains out of compliance until the Operator provides the required information.

Comment	<p>ECMC staff met on Location with Operator representatives to discuss the requirements of interim reclamation. Staff explained the expectation to reduce the size of the location, which includes reducing the slope of the cut and fill slopes. Staff discussed the need to get an approved surface owner seed mix or an approved seed mix from NRCS. Staff's expectation is that interim reclamation be performed ASAP and before frozen soil conditions.</p> <p>Staff is requesting that the Operator provide a diagram of the planned interim reclamation procedures, which can be submitted as a Form 4 Sundry Notice.</p>
