Comment

This location does not comply with Rule 1003. During this inspection, it was observed that areas within the interim reclaimed portions are not progressing towards reclamation standards with evidence of undesirable vegetation (e.g. kochia and russian thistle) and areas of non-uniform vegetation cover resulting in bare/exposed soils. Additional reclamation activities are required. Operator submitted this location on Form 6A (doc no 403361744) Out of Service Designation and Plugging List, however, this location stills need to comply with ECMC Rules and Regulations prior to plugging and abandonment.

Corrective Action

Comply with Rule 1003. The location will remain out of compliance until the corrective action has been resolved.
