Mr. D. A. Stone
Gates-Stone & Company
1660 Stout Street,
Denver, Colorado

Dear Mr. Stone:

We have been checking into the bonds held by
your company and find as follows:

Bond No. 2028151

We have a letter from the Continental Casualty
Company stating the bond had been cancelled. The date of the
letter is April 13, 1952.

Bond No. 2000605

This is a bond held by the U.S. Government and
not by this office, so we have no authority to release this bond
if it is still in effect.

Bond No. 2028150 # 1 Jones ✓

Bond No. 203811 # 1-S Georgiana White ✓

The above two mentioned bonds can now be can-
celled. We feel we have enough information on these wells to re-
lease the bonds.

If any further information is required by you,
do not hesitate to call on our office.

Sincerely,

D.V. Rogers, Petroleum
Engineer
