Re: John Bockhold's #8 Hefley well  
Lot 7-2-1N-102W, Rio Blanco County

Dear Mr. Rogers:

I received your letter of January 18, 1960 regarding John Bockhold and the above described well.

Mr. Bockhold was in my office this morning but he was not able to enlighten me very much in this regard. I must advise you that Mr. Bockhold is in excess of 82 years of age and the numbers of the wells, locations, time of drilling, etc. are matters that are now rather confusing to him. As a matter of fact, I am unable to pin down the location of this well, who drilled it, when it was drilled or other similar data.

If you believe it would be any assistance for Mr. Bockhold and I to come in and discuss this with you I can assure you that we will be pleased to meet with you. I believe that if you have location maps indicating where this well is, its age, the driller, etc. we will be able to give you the necessary information as to what has happened to it.

I trust I may hear from you in this regard.

Very truly yours,

*Theodore J. Kuhlman*
