Dear Jim,

Today, I have been in contact with Mrs. Stephen B. Strang of Meeker, Colorado on whose land this well has been drilled.

I had written her a letter on May 7, 1976 advising her that we would plug and abandon the well unless they want to retain it for a water well.

Mrs. Strang in my telephone conversation today confirmed that they do want to retain the well and that they will direct a letter to you officially declaring their desire to keep the well and assume the responsibility of its ultimate abandonment. They will send you the letter within the next week or so with a copy to our office.

Ted Treffinger with the U.S.F. & G. has been notified of our attempts and hopefully we can relieve ourselves of the responsibility of this well.

Very truly yours,

*W. W. Butler*
