Dear Mr. Whitham:

On September 26, 1983, a Sundry Notice concerning repairing well No. Altex Jones #1, S11-T6N-R87W was erroneously approved by this office. This well is on a Fee lease and the Sundry Notice should have been sent to the Colorado Oil and Gas Conservation Commission. The telephone conversation between you and Ms. Theresa Walsh of our office on September 28, 1983, confirmed that this was an error and that you subsequently sent the Sundry Notice to the Colorado Oil and Gas Conservation Commission for approval.

Should you have any questions regarding this matter, please contact Ms. Walsh at 303-824-8261.

Sincerely,

/s/ Terry Plummer
