John Rager, District Engineer
GLG Energy, L.P.
8085 South Chester, Suite 114
Englewood, Colorado 80112

Dear Mr. Rager:

We have received change of operator requests from you for two wells drilled by Apex Energy Company in Moffat County (3-1 Blue Gravel and 7-1 North Fork). We cannot approve the change until the logs and completion reports on these wells are submitted by the former operator or GLG Energy, if you have this information. We realize that all information necessary to fill out the completion report may not be available, but do need preliminary data on formation tops and the casing and cementing results.

Please see that this information is submitted as soon as possible. If you have any questions, please call.

Yours truly,

John R. Stowell
Deputy Director
