File  
Davie #1  
NW NE 12-2N-55W

Dear Sir;

In response to Your letter I have well head signs on the Davie # 2 & # 3. I have ordered a sign from A & A Well Signs Inc. for the Davie # 1.

The Pumper that takes care of the Davie Lease said that he uses the small amount of gas off the casing head to help run the treeter. The well has not been turned into a water disposal. Please let me know if you need any more information.

Thank-You

Sincerely Yours,

M Snowden
