**COLO. OIL & GAS CONS. COMM.**

Dear Sir:

We found ourselves short of Form OGCC Form 4 Rev. 7-64 to file for plugging wells. I called you and got oral permission to plug Zorichak WI-1. We will plug rest of wells above perforation at bottom of surface and 10 sack cement on top and weld caps on.

When we receive some more forms from your office we will fill out and return at once.

Wells included are #6, WI-3, #3, #4, #5, #1, #2 and the above WI-1. Thank you

Yours very truly,

*Robert Donnelly*
