Dear Mr. Rogers:

This will acknowledge your letter of June 23, 1958, requesting certain information affecting the drilling of the captioned well, which resulted in a dry hole.

We regret not having finished you the necessary reports incident to the drilling of this well, but we thought that our filing with the U. S. G. S. would be sufficient since the well was located on government land.

We are preparing and will forward to you all of the reports from start to finish, covering this ventrue.

Yours very truly,
