Denver, Colorado 80203

RECEIVED  
SEP 19 1972  
COLO. OIL & GAS COM. COMM.

Attention: Mr. Doug Rogers

Dear Mr. Rogers:

Please accept this letter of Enbrooks Waver to Mr. Millard Huey for the drilling of the Lee Lusby No. 1, which will be drilled on an off-pattern location in the SW of the NE of Section 2-2N-57W.

It is my understanding that Mr. Huey needs to move his location because of a Power Line right-of-way that extends through the normal drill sight. This location will be moved 240 feet north and 69 feet west, which will make the new location 550 feet from our lease line. Enbrook has the lease on the NW/4 of Section 2-2N-57W.

Very truly yours,

ENBROOK OIL & GAS COMPANY

*William A. Brooks*
