Dear Sir:

On October 20, 1950, we submitted to your office Notice of Intention to Drill our C. S. Lee No. 2-A located at C/NW SE SE of Sec. 2-2N-57W, Morgan County, Colorado. At the time we submitted this notice, we did not have surveyor's certificate showing the exact location and the ground elevation above sea level.

We attach hereto surveyor's certificate from Cecil J. Osborne, registered civil engineer at Fort Morgan, Colorado, showing location of the above described well and the ground elevation above sea level to be 4492.3 ft. The elevation of the Kelly Bushing above sea level is 4502 ft.

Very truly yours,
