Mr. Ben Simons
4657 West Gurnison Avenue
Chicago 30, Illinois

DRAFT 3-2-81

This office requires information on the following wells and/or locations. The wells are old ones drilled in 1952 and 1953, consequently, I am writing this letter to your attention rather than to your field office in Fort Morgan, Colorado.

1. #1-7 Hough, Sec. 35, SE $\frac{1}{4}$, T18, R57W, 330 feet North of South line and 330 feet West of East line.

Intention to drill was received on 10/15/53. Temporary suspension notice was received on 5/3/54. Was this well ever drilled? Please submit the necessary information, such as; completion, plugging or abandonment.

2. #1 Peterson, SW $\frac{1}{4}$ SE $\frac{1}{4}$, Sec. 9, T2N, R56W, 330 feet South of North line and 330 feet East of West line. Intention to drill was received on 3/2/51. Completion and plugging reports are required on this well. This well was drilled by Orrin Tucker and subsequently taken over by National Drilling Company, as per your letter of 7/20/53, signed by Mr. J. L. McFarney.
3. #1 Whittier, SW $\frac{1}{4}$ SW $\frac{1}{4}$, Sec. 10, T40N, R9E, New Mexico Meridian, 660 feet North of South line and 400 feet East of West line. Intention to drill received 3/2/51. Completion and plugging reports required. This is another Orrin Tucker well.
4. #1 Tucker-Thomas NE NE, Sec. 13, T41N, R2E, New Mexico Meridian, 330 feet South of North line, 330 feet West of East line, Saguache County, Colorado. We have no well file on this well, but a Bond No. 66199 dated 4/30/51 was filed. Intention to drill, completion and plugging reports requested.

Your prompt attention to this matter will be greatly appreciated.

Yours very truly,

OIL AND GAS CONSERVATION COMMISSION
OF THE STATE OF COLORADO
