Dear Sir:

We received the enclosed request for a Sundry Notice and Form 7's. The most recent Sundry Notice listing this well as shut in was submitted on May 26 and approved on June 1st, 1987. It is my understanding that the next such notice would be due on December 1st, 1987. At the present time, it does not appear that there is a substantial change in plans from the last notice.

It has been my understanding that the Form 7's were required only if the well was being produced. After receiving your letter, I reviewed Section 307 of the regulations and it appears to me that this is the case. If there are other regulations governing Form 7, I would appreciate being so informed. This lease is currently our only operation in Colorado and thus we are less familiar with your requirements than with Nebraska or Kansas, but we will make every effort to comply.

Yours truly,

Gary Reichlinger

GR:elr

Well produced in Nov. & Dec. of 1984.
May have been pumping in Jan. 1985
but no oil was sold. Well shut-in
from JAN. 1985 until present.
