[CECMC Inspection Report Summary](#)  
On 02/21/2024 at approximately 13:28 hours, I, Compliance Specialist, Wayne Smelser Conducted an on-site inspection at TEP ROCKY MOUNTAIN LLC PA 311-34 Pad. Location # 335337 in Garfield County Colorado. Location is within High Priority/Density Habitat areas & in close proximity to NSO/Black Bear Habitat areas. Location is within Rule 411a Surface Water Intermediate Buffer. While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Stormwater - Erosion & transport of sediment off location/insufficient BMP's/runoff controls & multiple check dams need maintenance with a CA date of 03/10/2024

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules. This is a summary of inspection report.
