RE: Fassler 32-28  
SWNE Section 28-T2N-R53W  
Washington County, Colorado

Gentlemen:

I own the mineral interest under the referenced well and the acreage to the west: T2N-R53W, Section 28, E/2NW/4. I understand that Peterson Energy Management/Newport Exploration has applied for permission to drill the referenced well, and that this well would encroach upon my lease in E/2NW/4 Section 28. I have no objection to Peterson/Newport drilling the Fassler 32-28 well as it is presently staked.

Sincerely,

Fred P. Fassler Jr.
