Gentlemen:

After an inquiry from the gas purchaser we checked our files and could find no approved copy of Form 10 (Producers Certificate of Clearance and Authorization to Transport Oil or Gas From a Lease) for our State "A" Well No. 2, Section 16, Township 9 North, Range 56 West, Weld County, Colorado.

In order to comply with Commission rules and regulations, we are submitting Form 10 in quintuplicate. If any additional information is needed, please advise.

Yours very truly,

CONSOLIDATED OIL & GAS, INC.
