ECMC Decision: \_\_\_\_\_

ECMC  
Representative:

OPERATOR COMMENT AND SUBMITTAL

Comment: Based on soil analytical results, residual arsenic, barium, pH and SAR were identified at the site. Delineation and the collection of additional background samples was proposed. We will get the full report submitted as soon as possible, and I will follow up with a new document number once that has been submitted.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
