Comment Appears the Operator has performed interim reclamation activities to reduce disturbance areas only needed for production operations. Operator shall continue to monitor and manage this site until the location meets Rule 1003 standards, including stormwater and weed management. Operator shall submit a Form 4 Interim Reclamation Complete notice when the location meets Rule 1003 standards. ECMC may conduct inspections prior to receiving said notice to ensure compliance with Rule 1003.

Comment:		Erosion from stormwater was observed from the tank battery down the access road to the wellhead location and stopped by the berm around the wellhead pad. The Operator should repair erosion and install stormwater BMP's per good engineering practices to reduce stormwater issues in the future as well as keep sediment laden stormwater from moving off location.
