Facility Name: SHORT 33-9 Number: 17-1

Qtrqr: SWN Sec: 17 Twp: 33N Range: 9W Meridian: N
W

Latitude: 37.106228 Longitude: -107.854148

CORRECTIVE ACTIIONS:

1 CA# 115041

Corrective Action: Reclaim project area to COGCC's 1004 final reclamation standards. Including recontouring, decompaction, and revegetation as described in the 1004 reclamation rules.

Date: 11/01/2018

Response: FACTUAL REVIEW REQUEST

Basis for Review: Operator does not own or operate the location

Upon review of this location, it appears an "Abandoned Location" form was submitted to COGCC in October 2003 which indicated this location had never been built. The well was proposed to be located on an existing pad (Ute

Operator Comment: #1) built by TXO in 1981. The attached includes an inspection report of the Ute #1 with a passed AL inspection result. SG Interests cancelled the Short project, which included not constructing the location nor drilling the well. SG did not conduct any work at this site.

2 CA# 115042

Corrective Action: Stormwater erosion controls will be needed throughout the reclamation process to avoid erosion until the location is stabilized with vegetation.

Date: 11/01/2018

Response: FACTUAL REVIEW REQUEST

Basis for Review: Operator does not own or operate the location

Operator Comment: Upon review of this location, it appears an "Abandoned Location" form was submitted to COGCC in October 2003 which indicated this location had never been built. The well was proposed to be located on an existing pad (Ute #1) built by TXO in 1981. The attached includes an inspection report of the Ute #1 with a passed AL inspection result. SG Interests cancelled the Short project, which included not constructing the location nor drilling the well. SG did not conduct any work at this site.

OPERATOR COMMENT AND SUBMITTAL

Comment: SG Interests requests a Factual Review of this inspection. Upon review of this location, it appears an "Abandoned Location" form was submitted to COGCC in October 2003 which indicated this location had never been built. The well was proposed to be located on an existing pad (Ute #1) built by TXO in 1981. The attached includes an inspection report of the Ute #1 with a passed AL inspection result. SG Interests cancelled the Short project, which included not constructing the location nor drilling the well. SG did not conduct any work at this site.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
