**General Comment:**

On 8/21/2024, Reclamation Specialist Trujillo conducted a final reclamation inspection at SWN Production Company LLC's Walker 12-4 location in Moffat County, Colorado.

This inspection is in response to Form 4 #403816935 stating "Final Reclamation is Complete".

It was observed in this inspection that reclamation has not been completed pursuant to 1004 requirements.

The following compliance issues were observed during this inspection:

- Access road has not been reclaimed
- Utility equipment remaining
- Weeds

Refer to the Reclamation section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

ECMC Comments		
Comment	User	Date
<p>Pursuant to Form 6(s) #403688856 well was P&amp;Ad 6/27/2022. Including ECMC Engineering on this inspection report for notification purposes, as Form is still "in process" and well status still shows "TA". SWN is directed to contact area engineer to resolve any potential outstanding issues related to plugging requirements or Form resolution.</p> <p>Pursuant to Rule 1004.a, all access roads to plugged and abandoned wells and associated production facilities shall be closed, graded and recontoured. Well locations, access roads and associated facilities shall be reclaimed. As applicable, compaction alleviation, restoration, and revegetation of well sites, associated production facilities, and access roads shall be performed to the same standards as established for interim reclamation under Rule 1003. All other equipment, supplies, weeds, rubbish, and other waste material shall be removed. All such reclamation work shall be completed within twelve (12) months on non-crop land after plugging a well or final closure of associated production facilities.</p> <p>It was observed in this inspection that the access road to the Location has not been reclaimed in accordance with ECMC 1004 Rules. Based on historic aerial imagery and pre-disturbance Location photos, access road did not pre-exist Location. It was also observed that species planted do not reflect species within the adjacent undisturbed reference areas, or vegetation that existed pre-disturbance. Additionally, utility equipment on, and leading to the Location has not been removed. Signage at Location entrance has not been maintained and is considered debris. Noxious weeds (Scotch thistle) observed established on the Location.</p>	trujilloam	08/26/2024
