Facility Name: NORTH FORK-67N93W Number: 12NESE

Qtrqtr: NESE Sec: 12 Twp: 7N Range: 93W Meridian: 6

Latitude: 40.570669 Longitude: -107.775936

CORRECTIVE ACTIONS:

1 CA# 197942

Corrective Action:

Date: 10/15/2024

Conduct reclamation in accordance with 1004 rules including, but not limited to: removal of gravel, removal of surface equipment, removal of debris, compaction alleviation, recontour/regrade and establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels.

Comply with Rule 1002.f and ensure erosion controls are implemented to stabilize the seeded soil.

Comply with Rules 1004.e and 606.c: Oil and Gas Locations will be kept free of all Undesirable Plant Species.

Ongoing stormwater and weed management required- continue to monitor and manage Location until Final Reclamation has passed.

Response: CA COMPLETED Date of Completion: 09/12/2024

Operator Comment: The owner wants to keep all graveled roads. Weed spraying and reseeding was successfully completed in June 2024. However, due to unforeseen circumstances, including unusually dry conditions and lack of rainfall, weeds reemerged before a scheduled inspection. Given the approaching change in season, reapplying the spray before spring of 2025 would be inefficient. The land owner has requested that the gravel remain on site. The power poles seen on the edge of pad do not belong to pad and all signage has been removed.

ECMC Decision:

ECMC Representative:

OPERATOR COMMENT AND SUBMITTAL

Comment: The operator would like to be contacted prior to inspectionso that a representative can be on location during this time.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
