Inspection Photos

Operator Name: PETROLEUM RESOURCE MANAGEMENT CORP - 10421

Location ID: 436485

Photo 3: Photos taken from the east end of the Location. Outlets on the north and east end of the Location have not been installed or maintained per good engineering practice; geotextile lining in conjunction with multiangular rip-rap material has not been implemented per good engineering practice; stormwater degradation to the walls of the outlets has persisted.
