Seaboard Surety Company  
A 1847-175 West Jackson Boulevard  
Chicago 4, Illinois

Attention Mr. Roy J. Hyde, Manager

Gentlemen:

We received from your Company a letter dated May 6, 1954, signed by B. J. Dorsch, concerning a drilling bond on a Colorado state lease. On May 10 we replied, asking necessary further identification of the lease so that we could locate the bond. In answer our letter has been returned to us with a notation at the bottom which merely repeats information contained in the first letter. It is enclosed; the notation has no meaning for us. The lease number given may be Stanolind's number; it identifies nothing for us.

Could you help us? In order to be of service to you we need a reply to the specific information asked for in our May 10 letter.

Thank you,
