**General Comment:**

[CECMC Inspection Report Summary](#)  
 On 10/24/2024 at approximately 12:21 hours, I, Compliance Specialist, Wayne Smelser Conducted an on-site inspection at VISION ENERGY LLC BALDY CREEK UNIT 1-17 Pad Location # 322404 in Garfield County Colorado.  
 Location is within High Priority/Density/NSO/Black Bear Habitat areas.  
 Location is approximately 30 yards from Baldy Creek.  
 While there, I observed normal production operations.

During this inspection the following compliance issues were observed:

1. Signs/Marker - Tank label on production tank contains inaccurate info/does not comply with CECMC rules with a CA date of 12/02/2024
2. Housekeeping - Open ended piping/available for entry by wildlife/wildlife hazard with a CA date of 11/09/2024
3. Equipment - Meter calibration info not conspicuously posted with a CA date of 12/02/2024
4. Equipment - Open ended load line with a CA date of 11/09/2024
5. Tanks & Berms - Secondary containment is insufficient/does not comply with CECMC secondary containment rules with a CA date of 11/22/2024

A follow up on this site inspection needs to be conducted to ensure the compliance issues have been corrected to comply with CECMC rules.  
 This is a summary of inspection report.
