Comment:

Corrective Action:	<p>The previous inspection was performed back in 2021. It has been four growing seasons since final reclamation has been performed. Portions of the access road and location are dominated by annual, weedy vegetation. Establishment of perennial grasses was observed but most of the establishment was introduced grasses (e.g., Crested wheatgrass and Smooth brome), which is not reflective of reference areas and not approved by the State Land Board (SLB). See Photo 13 for the SLB approved seed mixture. It does not appear that weed management has been performed.</p> <p>A portion of the access road just west of the location has not been properly recontoured- refer to Photos 6 and 11.</p>	Date 05/16/2025
	<p>Comply with Rule 1004. Reseed disturbance areas using the approved SLB seed mixture (refer to Photo 13). Once reseeding has been performed, Operator shall submit documentation of the seed tags to ECMC.</p> <p>Establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of reference area levels. Ensure erosion controls are implemented to stabilize the seeded soil. Operator shall continue to monitor and manage this site until the location meets Rule 1004 standards, including stormwater and weed management.</p>	
Overall Final Reclamation Fail Well Release on Active Location <input type="checkbox"/> Multi-Well Location <input type="checkbox"/>		

Storm Water:

Loc Erosion BMPs	BMP Maintenance	Lease Road Erosion BMPs	Lease BMP Maintenance	Chemical BMPs	Chemical BMP Maintenance	Comment

Comment:

A portion of the access road was not properly recontoured with evidence of historic erosion. Given the proximity to surface water (creek drainage), this shall be recontoured and long-term stabilization through revegetation.

Corrective Action:

Date:

Pits: ☐ NO SURFACE INDICATION OF PIT

ECMC Comments		
Comment	User	Date
Note- the western portion of the access road may get re-disturbed by another Operator on a new, proposed oil and gas location.	binschusc	11/06/2024
