**General Comment:**

On 1/8/2025, Western Reclamation Work Lead Trujillo conducted a final reclamation inspection at Public Service Company of Colorado's ASBURY CREEK STORAGE UNIT #1 location in Mesa County, Colorado.

Location is Fed Surface / Fed Minerals

Location is within the following High Priority Habitat: Mule Deer Severe Winter Range

The following compliance issues were observed during this inspection:

-Final Reclamation

Refer to the Reclamation section of this inspection report for additional details.

Refer to the photo-documentation of the observed compliance issues attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

Comment:

Pursuant to Form 6(s) 2362329, well was PAd 5/5/2014.

It was observed in this inspection that the Location is not progressing towards 1004 Final Reclamation requirements. Location is not reflective of the adjacent reference areas, and is predominantly bare and exposed soils. Erosion degradation evident within eastern areas of the Location. Undesirable Plant Species (Halogeton) have also established on the site.

Additional reclamation efforts required to ensure Location progresses towards 1004.c.(2) standards

Corrective Action:

Comply with 1004 Rules. Conduct additional reclamation to establish vegetation with total perennial, non-invasive uniform plant cover of at least eighty (80) percent of pre-disturbance or reference area levels. Use a seed mixture requested by the surface owner, or a mixture prescribed by the local soil conservation district.

Comply with Rule 1002.f and ensure erosion controls are implemented to stabilize the seeded soil.

Comply with Rule 606.c and 1004.e- ongoing weed management required; Oil and Gas Locations will be kept free of all Undesirable Plant Species.

Date **04/15/2025**

Overall Final Reclamation **Fail** Well Release on Active Location  Multi-Well Location
