ECMC INSPECTION SUMMARY:

FIR Document Number: 708904682

Inspection Date: 09/26/2024

FIR Submit Date: 09/27/2024

FIR Status: _____

Inspected Operator Information:

Company Name: TEP ROCKY MOUNTAIN LLC

Company Number: 96850

Address: 1058 COUNTY ROAD 215

City: PARACHUTE State: CO Zip: 81635

LOCATION - Location ID: 323894

Location Name: RMV Number: 20-35 County: _____

Qtrqtr: NWSE Sec: 35 Twp: 6S Range: 94W Meridian: 6

Latitude: 39.478979 Longitude: -107.853870

FACILITY - API Number: 05-045- -00 Facility ID: 323894

Facility Name: RMV Number: 20-35

Qtrqtr: NWSE Sec: 35 Twp: 6S Range: 94W Meridian: 6

Latitude: 39.478979 Longitude: -107.853870

CORRECTIVE ACTIONS:

1 CA# 199168

Corrective Action: The storage, placement, or maintenance of equipment, vehicles, trailers, commercial products, chemicals, drums, totes, containers, materials & all other supplies not necessary for use on oil & gas locations is prohibited.

Date: 12/17/2023

Response: CA COMPLETED

Date of Completion: 02/11/2025

Operator Comment: The purpose of this FIRR is to submit written documentation to ECMC demonstrating TEPs repeated attempts to request that the equipment / materials stored by the surface owner at this location be removed. TEP (including our predecessors) has never given the landowner permission to place or store any equipment, materials, or other personal property on the subject well pad. Over the years, TEP has made several verbal requests to the landowner to remove the subject equipment from this location. The personal property noted in the inspection report remains on the well pad despite TEP's repeated requests to remove these items. Note that TEP has no

legal right to physically remove any equipment belonging to the landowner, therefore, we are reduced to seeking voluntary compliance from the landowner.

In an attempt to comply with the corrective actions identified in this inspection report regarding the equipment stored by the surface owner at this location, TEP has submitted a written notice to the landowner (see attached) requesting that all personal items be removed from the well pad within 30 days (or another reasonable time frame as proposed by the landowner). It should be noted that the area currently being used by the surface owner is on the very outer edge of the location and is well outside of TEP's active working surface area. TEP believes that the area currently used by the surface owner does not interfere with the safe operations at this location, our ability to access to any of our equipment, and does not impede any emergency response efforts that may be needed for this site. The area being used by the surface owner is not causing adverse degradation of the site, and does not pose any threat to public health, safety, welfare, or result in any adverse impact upon environmental resources. Although it is not our preference, the area currently used by the surface owner at this location does not create any undue operational, safety, or logistical issues for TEP.

If the landowner refuses to comply with TEP's request to remove the equipment, TEP will proceed to prepare and submit a variance request pursuant to Rule 502, which would allow the surface owner to continue using that portion of the pad for the continued storage of existing personal property. At that point, it will be up to ECMC to approve or reject the use of this area by the landowner.

OPERATOR COMMENT AND SUBMITTAL

Comment: The purpose of this FIRR is to submit written documentation to ECMC demonstrating TEPs repeated attempts to request that the equipment / materials stored by the surface owner at this location be removed. TEP (including our predecessors) has never given the landowner permission to place or store any equipment, materials, or other personal property on the subject well pad. Over the years, TEP has made several verbal requests to the landowner to remove the subject equipment from this location. The personal property noted in the inspection report remains on the well pad despite TEP's repeated requests to remove these items. Note that TEP has no legal right to physically remove any equipment belonging to the landowner, therefore, we are reduced to seeking voluntary compliance from the landowner.

In an attempt to comply with the corrective actions identified in this inspection report regarding the equipment stored by the surface owner at this location, TEP has submitted a written notice to the landowner (see attached) requesting that all personal items be removed from the well pad within 30 days (or another reasonable time frame as proposed by the landowner). It should be noted that the area currently being used by the surface owner is on the very outer edge of the location and is well outside of TEP's active working surface area. TEP believes that the area currently used by the surface owner does not interfere with the safe operations at this location, our ability to access to any of our equipment, and does not impede any emergency response efforts that may be needed for this site. The area being used by the surface owner is not causing adverse degradation of the site, and does not pose any threat to public health, safety, welfare, or result in any adverse impact upon environmental resources. Although it is not our preference, the area currently used by the surface owner at this location does not create any undue operational, safety, or logistical issues for TEP.

If the landowner refuses to comply with TEP's request to remove the equipment, TEP will proceed to prepare and submit a variance request pursuant to Rule 502, which would allow the surface owner to continue using that portion of the pad for the continued storage of existing personal property. At that point, it will be up to ECMC to approve or reject the use of this area by the landowner.

I hereby certify that the statements made in this form are, to the best of my knowledge, true, correct, and complete.
