ECMC Comments

Comment	User	Date
Well is plugged and abandoned (Kane 20-10); ECMC form 42 notice of start of plugging operations doc #403972553 received on 10/28/2024. The facility/ tank battery has been decommissioned; tanks, equipment and on location flowlines removed. No flowlines/ risers observed at PA well or facility/ battery areas. Remediation work is in progress. Note: an active midstream pipeline valve set/ pig station is located on the SW corner of location.	maclarej	02/18/2025
As outlined on ECMC form 19 spill report Doc #404093674 received on 02/13/2025: While conducting facility decommissioning activities at Extraction's Kane 20-10 tank battery, historical impacts were discovered. Lease operators are coached to conduct routine AVO inspections at all oil and gas locations.	maclarej	02/18/2025
