**General Comment:****ECMC Field Inspection Report Summary**

This is an environmental inspection. Any corrective actions from previous inspections, NOAVs and/or conditions of approval from previous forms that have not been fully addressed are still applicable. There were no operator or contract environmental personnel on location at the time of this field inspection. Photos attached to document site conditions.

Site Name: Lowe Tank BatteryFacility ID: 470600Date of Inspection: 05/30/2025Weather: Sunny, 71°F

Spill is located within or adjacent to:

- Crop land (immediately adjacent, all directions)
- Lesser Prairie Chicken Estimated Occupied Range High Priority Habitat

Current site status:

- Signage with emergency contact number was visible.
- Labels/placards were legible.
- Animal burrows were visible in multiple areas of the shared production tank and produced water vessel containment berm, and at the separator containment berm.
- A plastic pipe connecting the production tank to the emission control device visible; the pipe is attached to fence posts by tape.

See attached corrective actions.
