Commission**

Department of Natural Resources

Inspection Photos
Location Name: MARCUS STATE #1
Location ID: 317605

Photo 1. Photo taken from the well location, facing North. Photo illustrates that the location does not meet Rule 1004 reclamation standards as bare ground and weedy annual vegetation remains across the location.

Photo 2. Photo taken from the well location, facing East. See comments under Photo 1.

Inspection Photos
Location Name: MARCUS STATE #1
Location ID: 317605

Photo 3. Photo taken from the well location, facing South. See comments under Photo 1.

Photo 4. Photo taken from the well location, facing West. See comments under Photo 1.

Inspection Photos
Location Name: MARCUS STATE #1
Location ID: 317605

Photo 5. Photo taken from the access road, facing North towards the tank battery location. Photo illustrates that final reclamation activities appear to have taken place, but vegetation has not established to Rule 1004 standards. Cheatgrass (*Bromus tectorum*) is present across the access road and is a List C noxious weed species.

Photo 6. Photo taken from the access road, facing Southeast away from the well location. See comments under Photo 5.

Inspection Photos
Location Name: MARCUS STATE #1
Location ID: 317605

Photo 7. Photo taken of the tank battery location, facing West. Photo illustrates that final reclamation activities have taken place. However, vegetation has not established to Rule 1004 standards as bare ground and weedy annual plants, including cheatgrass (*Bromus tectorum*), are found at the location.

Photo 8. Photo taken of the tank battery location, facing East. See comments under Photo 7.
