

A black, cylindrical object, possibly a pipe or hose, lies on a gravel surface. The object is heavily damaged, with significant peeling and cracking of its outer layer, revealing a brown, metallic interior. A black band with white text is wrapped around the middle. The object is positioned diagonally across the frame, with its ends extending towards the top and bottom. The gravel is composed of small, light-colored stones and pebbles. The lighting is bright, casting shadows on the gravel.
