357° N  
ECMC

**Photo 2.** Picture taken on the south end of the access road looking north. Gravel remains on the southern part of the access road. Vegetation establishment is lower on the former access road than surrounding area.

Inspection Photos  
Location Name: TIPPERARY #34-8  
Location ID: 320496

**Photo 3.** Picture taken at the midpoint of the access road looking north. There is little desirable vegetation establishment in the former access road.

**Photo 4.** Looking north across the wellbore area. An approximate 30 ft area around the wellbore has very limited establishment of desirable perennial vegetation. There is some desirable vegetation establishment around the perimeter of the location.
