**General Comment:**

On 7/10/2025, Western Reclamation Work Lead Trujillo conducted an interim reclamation at Laramie Energy LLC's BCU Pad 13A Location in Mesa County, Colorado.

The following compliance issues were observed during this inspection:

-1003.e.(2) Uniform desirable perennial cover

-1003.f / 606.c Noxious Weeds

-1002.f Stormwater

Refer to the Location, Reclamation and Stormwater section of this report for additional details.

Refer to the photo-documentation attached to this report.

Any corrective action(s) from previous inspection that have not been addressed are still applicable.

**Good Housekeeping:**

Type	WEEDS		
Comment:	Though weed management is apparent, previous efforts have been insufficient: weeds previously sprayed remain viable and have matured. Noxious weed establishment (Musk thistle, Bull thistle, etc...) observed within the interim areas of the Location, as well as the edge of the working pad surface and along the access road.  Additional weed management efforts required.		
Corrective Action:	Comply with Ruled 606.c and 1003.f- Oil and Gas Locations will be kept free of all Undesirable Plant Species.	Date:	07/22/2025

1003 f. Weeds Noxious weeds? \_\_\_\_\_ F \_\_\_\_\_

Comment

The overall status of the reclamation for the Location is "in process". However, there are interim areas on the east and northern ends of the Location where uniform, desirable perennial vegetative establishment is not progressing towards 1003.e standards. Additional revegetation efforts required within these areas.

Noxious weed establishment also observed (see "weeds").

Corrective Action

Comply with 1003 rules and conduct additional reclamation efforts within areas not progressing towards 1003.e.(2) standards.
