Type: #

Comment: Staff did not observe a Form 44 per Rule 1105.f.(2)

FIRR states "Well was plugged 10/27/2019. Flowline has been removed short time after. Rule 1105.f.2 requires submission of Form 44 for previously abandoned flowlines that are discovered during excavation or construction or during flowline inventory and mapping efforts after January 14th 2020. No Form 44 is required for this well."

Corrective Action: Form 44 off location flowline abandonment notices are required effective May 1, 2018. Please see Form 44 guidance, form instruction titled "What Operators Should Know Before May 1, 2018".

Comply with Rule 1105.f.(2). Submit Form 44 off location flowline abandonment.

Comment:

A portion of the access road remains at the low spot in the field. The access road is in fallow cropland. The location appears to be within a land use change involving significant earthworks. See attached pictures.

This location cannot pass final reclamation without a Form 44 off location flowline abandonment.

Corrective Action:

Remove gravel from access road. Return access road to cropland. An inspection will be conducted during a future growing season to ensure vegetative compliance.
